Buy-Back Price \$ _____

Are you tired of going from shop to shop losing valuable ski time and spending too much money to find skis, boots, bindings and poles for your little skiers and still not getting high quality, well fitted equipment?

Ski Frisco Sports annual buy-back program allows your kids to get their own high quality ski equipment at a cost competitive to worn out rental gear.

It has never been easier...Each fall bring your young skiers into Ski Frisco Sports and in a relaxed environment take the time to correctly size and fit the right skis, boots, bindings and poles for your "little skier". This is the fabulous option for busy families, fast growing kids and their parents.

- The "Little Shredders" junior buy-back option guarantees that the ski equipment purchased within our program will be purchased back from the customer at a pre-agreed-upon trade-in price when returned to Ski Frisco Sports by May 30th deadline of each year.

- At the trade-in period you would have the choice return your leased equipment for an upgrade, or keep any individual items of your equipment and trade in those items which no longer fit your "Little Shredder."

- All buy-backs are issued in the same method as the original transaction, cash for cash purchase or credit reimbursement for credit card purchase.

- To join our "Little Shredder" program simply complete the application and let one of Ski Frisco Sports staff assist in the selection the high quality, well fitted equipment for your kids.

Description	New Purchase	First Year Buy-Back	Used Purchase	Used Buy-Back
Skis / Boots Bindings & Poles	\$399.00	\$150.00	\$279.00	\$99.00
